In the mid-nineteenth century, some abolitionist newspapers \_\_\_\_\_ westward migration in the United States; by printing a letter that described the easy fortunes and high salaries miners could make in California during the Gold Rush, Frederick Douglass's newspaper *North Star* was one such publication that inspired readers to relocate.

Which choice completes the text with the most logical and precise word or phrase?

- A. stimulated
- B. assigned
- C. opposed
- D. disregarded

## ID: 5046a8e3 Answer

Correct Answer: A

### Rationale

Choice A is the best answer. "Stimulated" means "encouraged interest or increased activity in." Because the newspapers discussed the benefits of westward migration and "inspired readers to relocate," we can infer that they encouraged people to move west.

Choice B is incorrect. "Assigned" means "gave a job or duty." Newspapers do not have the power to assign people to move west, although they can encourage it. Choice C is incorrect. "Opposed" means "disapproved of." We can tell that this isn't the case, because the newspapers discussed "the easy fortunes and high salaries miners could make in California" and "inspired readers to relocate." Choice D is incorrect. "Disregarded" means "ignored." If the newspapers are writing about the west and "inspir[ing] readers to relocate," they can't be ignoring it at the same time.

The following text is from F. Scott Fitzgerald's 1925 novel *The Great Gatsby*.

[Jay Gatsby] was balancing himself on the dashboard of his car with that resourcefulness of movement that is so peculiarly American—that comes, I suppose, with the absence of lifting work in youth and, even more, with the formless grace of our nervous, sporadic games. This quality was continually breaking through his punctilious manner in the shape of restlessness.

As used in the text, what does the word “quality” most nearly mean?

- A. Standard
- B. Prestige
- C. Characteristic
- D. Accomplishment

## ID: 101e69de Answer

Correct Answer: C

Rationale

Choice C is the best answer. “This quality” refers to Gatsby’s “resourcefulness of movement,” which is described as a characteristic or trait of his.

Choice A is incorrect. This isn’t what “quality” means in this context. Here, “this quality” refers to Gatsby’s “resourcefulness of movement,” which is described as a characteristic or trait of his. “Standard” is a synonym for a different definition of “quality”: the degree of excellence of something. Choice B is incorrect. This isn’t what “quality” means in this context. Here, “this quality” refers to Gatsby’s “resourcefulness of movement,” which is described as a characteristic or trait of his. “Prestige” would suggest a high status or an admirable reputation, which doesn’t match that description. Choice D is incorrect. This isn’t what “quality” means in this context. Here, “this quality” refers to Gatsby’s “resourcefulness of movement,” which is described as a characteristic or trait of his. “Accomplishment” would suggest an achievement, which doesn’t match that description.

The work of Kiowa painter T.C. Cannon derives its power in part from the tension among his \_\_\_\_\_ influences: classic European portraiture, with its realistic treatment of faces; the American pop art movement, with its vivid colors; and flatstyle, the intertribal painting style that rejects the effect of depth typically achieved through shading and perspective.

Which choice completes the text with the most logical and precise word or phrase?

- A. complementary
- B. unknown
- C. disparate
- D. interchangeable

ID: 123cf5db Answer

Correct Answer: C

Rationale

Choice C is the best answer because it most logically completes the text's discussion of the artistic styles that have influenced Cannon's work. As used in this context, "disparate" means distinct or dissimilar. The text indicates that a tension exists among the styles that have influenced Cannon's work and goes on to describe how those styles differ: classic European portraiture favors realism, American pop art uses vivid colors, and intertribal flatstyle rejects the use of shading and perspective to achieve depth. This context suggests that the styles that have influenced Cannon's work are disparate.

Choice A is incorrect because the text indicates that there is a tension among the influences on Cannon's artwork, so it wouldn't make sense to say that the influences are "complementary," or that they complete one another or make up for one another's deficiencies. Choice B is incorrect because it wouldn't make sense to characterize Cannon's influences as "unknown," or not familiar; it's clear that the influences are known because the text goes on to list them. Choice D is incorrect because the text indicates that there is a tension among the influences on Cannon's work, not that they are "interchangeable," or capable of being used in one another's place.

Urban planning expert Francisco Lara-Valencia and colleagues have argued that managing environmental matters along the US-Mexico border \_\_\_\_\_ coordination between the two countries' governments. Since ecosystems extend across the border, actions taken on one side can have environmental effects on the other side, making international cooperation essential.

Which choice completes the text with the most logical and precise word or phrase?

- A. requires
- B. praises
- C. reports
- D. advises

## ID: 014ab0b8 Answer

Correct Answer: A

Rationale

Choice A is the best answer because it most logically completes the text's discussion of environmental management along the US and Mexican border. In this context, "requires" means needs in order to perform a task. The text indicates that because ecosystems span the border, actions taken by the government on one side of the border can affect the environment in the nation on the other side of the border, which makes international cooperation crucial. In other words, because actions on one side of the US and Mexican border can affect the other side of the border, managing environmental matters along the border requires coordination between the two governments.

Choice B is incorrect because "praises" in this context would mean to express a favorable judgment, but the text doesn't describe approval expressed by anyone, and it wouldn't make sense to say that environmental management itself praises intergovernmental coordination. Choice C is incorrect. In this context, "reports" would mean gives an account. Although coordination between the US and Mexican governments likely would involve some sort of reporting, the text doesn't describe any such practice. Choice D is incorrect. In this context, "advises" would mean recommends a course of action, and although governments can advise one another, it wouldn't make sense to say that environmental management itself makes recommendations.

In both plays, the all-female cast \_\_\_\_\_ an array of female characters, including a strong mother and several daughters dealing with individual struggles.

Which choice completes the text with the most logical and precise word or phrase?

- A. engulfs
- B. encourages
- C. comprises
- D. provokes

## ID: cf6f36e3 Answer

Correct Answer: C

### Rationale

Choice C is the best answer because it most logically completes the text’s discussion of Gardley’s play. In this context, “comprises” means constitutes or makes up the totality of, and the text indicates that *The House That Will Not Stand* had an “all-female cast” that stands in some relationship to “an array of female characters” in the play. Because all cast members are female, the characters must be played by these female cast members; therefore the cast constitutes, or comprises, the collection of characters.

Choice A is incorrect. In this context, “engulfs” would mean encloses or overwhelms, and although it is fairly common to describe an actor as embodying (or personifying realistically) a character, there is nothing in the text to suggest that the cast members enclosed or overwhelmed the characters they played. Choice B is incorrect because in this context, “encourages” would mean inspires with courage or hope. Although the text does mention “a strong mother and several daughters dealing with individual struggles,” which might suggest that there are moments of encouragement among the characters during the play, there is nothing to suggest that the cast members encouraged the characters they portrayed. Choice D is incorrect because, in this context, “provokes” would mean instigates or incites to anger. Nothing in the text addresses provocation or what it might mean for actors to provoke the characters they are playing.

Critics have asserted that fine art and fashion rarely \_\_\_\_\_ in a world where artists create timeless works for exhibition and designers periodically produce new styles for the public to buy. Luiseño/Shoshone-Bannock beadwork artist and designer Jamie Okuma challenges this view: her work can be seen in the Metropolitan Museum of Art and purchased through her online boutique.

Which choice completes the text with the most logical and precise word or phrase?

- A. prevail
- B. succumb
- C. diverge
- D. intersect

## ID: e3d3d5f1 Answer

Correct Answer: D

### Rationale

Choice D is the best answer because it most logically completes the text's discussion about the relationship between fine art and fashion. As used in this context, "intersect" means to connect or overlap. The text indicates that Jamie Okuma challenges the position held by critics because her work can be seen at an art museum and can be bought by the public from her online boutique. The text also presents the critics' view as being influenced by a perception that fine artists create works that are "timeless" and meant for exhibition, whereas fashion designers periodically produce new styles that are meant for purchase. This context suggests that the critics believe that fine art and fashion tend not to overlap—in other words, that they rarely intersect.

Choice A is incorrect because it wouldn't make sense in context to say that critics contend that fine art and fashion rarely "prevail," or prove to be triumphant or widespread. The text indicates that Okuma is an example of an artist who demonstrates that it's possible to make fine art that is also available to the public as fashion. Choice B is incorrect because it wouldn't make sense in context to say that fine art and fashion rarely "succumb," or surrender. The text establishes that unlike what critics believe, Okuma creates works that are in art museums and available for the public to purchase, suggesting that critics believe fine art and fashion rarely overlap, not that they rarely succumb. Choice C is incorrect because saying that critics believe that fine art and fashion rarely "diverge," or disagree or move in different directions, wouldn't make sense in context. The text presents Okuma's work as both fine art and fashion, thereby undermining what the critics assert. This suggests that the critics believe that fine art and fashion rarely intersect rather than that the two rarely diverge.

To improve this system, \_\_\_\_\_ were proposed in 1837, including the use of a postage stamp, a small receipt pasted to the mail indicating that delivery costs had been paid by the sender.

Which choice completes the text with the most logical and precise word or phrase?

- A. investigations
- B. expansions
- C. reforms
- D. possessions

## ID: 502bdb1e Answer

Correct Answer: C

### Rationale

Choice C is the best answer because it most logically completes the text's discussion of the early British postal system. In this context, "reforms" most nearly means attempts at improving something. The text indicates that the pay-upon-delivery postage method led to fee avoidance on the part of recipients. It then says that action was taken to improve the postal system, giving examples such as the move to having the sender pay and affixing stamps to indicate payment had been received. These represent revisions to the system intended to improve its functioning; therefore, "reforms" most logically completes the text.

Choice A is incorrect. In this context, "investigations" most nearly means attempts to understand something. And although it is plausible that an attempt to improve the postal system would involve investigations, nothing in the text provides a logical basis for understanding the example of changes like affixing stamps to letters as an investigation. Choice B is incorrect. In this context, "expansions" most nearly means additions to something. Although the text indicates that some new policies were adopted, nothing in the text suggests that the overall number of policies increased, which expansions would seem to entail. Choice D is incorrect. In this context, "possessions" most nearly means items of personal property or things that otherwise belong to, or are part of, something. The text provides no logical context for understanding changes like affixing stamps to letters as possessions.

The following text is adapted from Nathaniel Hawthorne's 1837 story "Dr. Heidegger's Experiment." The main character, a physician, is experimenting with rehydrating a dried flower.

At first [the rose] lay lightly on the surface of the fluid, appearing to imbibe none of its moisture. Soon, however, a singular change began to be visible. The crushed and dried petals stirred and assumed a deepening tinge of crimson, as if the flower were reviving from a deathlike slumber.

As used in the text, what does the phrase "a singular" most nearly mean?

- A. A lonely
- B. A disagreeable
- C. An acceptable
- D. An extraordinary

**ID: 48b6c74f Answer**

Correct Answer: D

Rationale

Choice D is the best answer because as used in the text, "singular" most nearly means extraordinary. The text portrays an experiment in which a character rehydrates a dried rose by infusing it with moisture. After prolonged contact with the liquid, the rose begins to absorb it, undergoing an exceptional transformation: its color deepens, its previously "crushed and dried" petals shift, and the entire flower revives "from a deathlike slumber." In other words, an extraordinary change is visible in the flower.

Choice A is incorrect. Although in some contexts "singular" can mean of or relating to an individual or to a single instance of something, this usage doesn't imply loneliness or an otherwise unsatisfactory condition of isolation. Moreover, the text doesn't attribute such a condition to the rose. Choice B is incorrect. Although "singular" has several related meanings, none of them relate to being disagreeable or unpleasant. Moreover, the text doesn't portray the change undergone by the rose as necessarily disagreeable. Choice C is incorrect because "singular" means extraordinary, not acceptable. The change is portrayed as striking, not barely satisfactory.

While recent scholarship has undermined claims that the works of twelfth-century Islamic philosopher Ibn Rushd were \_\_\_\_\_ other Muslim philosophers of his time, it is indisputable that his location in the Muslim-ruled area of what is now Spain meant that his works were primarily available thousands of miles west of the era's center of Islamic thought.

Which choice completes the text with the most logical and precise word or phrase?

- A. controversial among
- B. antagonistic toward
- C. imitated by
- D. inconsequential to

## ID: 8b52201d Answer

Correct Answer: D

### Rationale

Choice D is the best answer because it most logically completes the text's discussion of the twelfth-century Islamic philosopher Ibn Rushd. As used in this context, "inconsequential to" means not significant to. According to the text, Ibn Rushd's works were primarily available in Spain, where he lived, far from central areas of the Muslim world, a fact that could support the conclusion that his influence on Muslim contemporaries was limited. The text implies, however, that recent scholarship has shown that his works still had an impact on other Muslim philosophers of his time. This context supports the idea that his works weren't inconsequential to Islamic thought in this period.

Choice A is incorrect because the issue under consideration in the text is whether other Muslim philosophers of Ibn Rushd's time had access to his works, not whether his works were "controversial among," or causing dispute among, other philosophers. Choice B is incorrect. The text implies that other Muslim philosophers of Ibn Rushd's era were aware of his works, not that they were "antagonistic toward," or hostile toward, them. There is no suggestion that Ibn Rushd's writings elicited hostility from his contemporaries. Choice C is incorrect because in this context, "imitated by" would mean followed as a model by. Although the text implies that Ibn Rushd's works were at least somewhat available in regions that were at the center of Islamic thought during the period, it doesn't specifically address in what ways his works influenced contemporary Muslim philosophers. Thus, the text doesn't support the idea that other philosophers modeled their own works after Ibn Rushd's works.

The following text is adapted from Mohsin Hamid's 2017 novel *Exit West*. Saeed lives with his mother and father.

©2017 by Mohsin Hamid

As used in the text, what does the word "reaching" most nearly mean?

- A. Arriving at
- B. Consulting with
- C. Running to
- D. Clinging to

## ID: ea4d2a76 Answer

Correct Answer: A

Rationale

Choice A is the best answer. The word "reaching" in this text means "to arrive" at Earth. Before, the light had been traveling across space; now, it had arrived at Earth.

Choice B is incorrect. "Consulting with" means "seeking advice or information from someone." Light is not alive, so it can't consult with Earth. Choice C is incorrect. It's confusing to say that starlight is "only now running to Earth," both because light doesn't literally "run" and because the text is describing the moment the light touches Earth, not the period of time when it's traveling to Earth. Choice D is incorrect. This might be tempting, as "clinging to" has a connotation of "sticking to." It wouldn't make sense to say that the light was "only now" clinging to Earth.

The following text is adapted from Nathaniel Hawthorne's 1844 short story "Drowne's Wooden Image."

Drowne, a young man, is carving a wooden figure to decorate the front of a ship.

Day by day, the work assumed greater precision, and settled its irregular and misty outline into distincter grace and beauty. The general design was now obvious to the common eye.

As used in the text, what does the word "assumed" most nearly mean?

- A. Acquired
- B. Acknowledged
- C. Imitated
- D. Speculated

## ID: 6989e0f9 Answer

Correct Answer: A

Rationale

Choice A is the best answer because as used in the text, "assumed" most nearly means acquired, or came to possess. The text portrays a character named Drowne carving a figure out of wood. At first "irregular and misty," or haphazard and indistinct, the figure's outline gradually showed "distincter grace and beauty" until the general design of the carved object "was now obvious to the common eye," or plainly recognizable to anyone. In other words, as Drowne continued to carve, the wooden object came to possess, or acquired, greater precision, changing from an indistinct outline or shape into a graceful, beautiful, and clearly recognizable form.

Choice B is incorrect. Although in some contexts "assumed" can mean acknowledged, or recognized, it doesn't have that meaning in this context because an inanimate object like the wooden figure can't acknowledge its own precision. Choice C is incorrect because there's nothing in the text to suggest that the wooden figure merely imitated, or mimicked, precision. Rather, the text suggests that as Drowne carved his wooden figure, it gradually became more precise. Choice D is incorrect. Although in some contexts "assumed" can mean speculated, or supposed based on incomplete information, it doesn't have that meaning in this context because an inanimate object like the wooden figure can't speculate about its own precision.

Seminole/Muscogee director Sterlin Harjo \_\_\_\_\_ television's tendency to situate Native characters in the distant past: this rejection is evident in his series *Reservation Dogs*, which revolves around teenagers who dress in contemporary styles and whose dialogue is laced with current slang.

Which choice completes the text with the most logical and precise word or phrase?

- A. repudiates
- B. proclaims
- C. foretells
- D. recants

## ID: dd415de8 Answer

Correct Answer: A

### Rationale

Choice A is the best answer because it most logically completes the text's discussion of Sterlin Harjo's approach to representing Native characters on television. As used in this context, "repudiates" means rejects or refuses to have anything to do with. The text indicates that television shows tend to depict Native characters as living long ago, but that Harjo's series *Reservation Dogs* focuses on Native teenagers in the present day, representing a "rejection" of the typical approach to depicting Native characters. This context thus indicates that Harjo repudiates television's general tendency regarding Native characters.

Choice B is incorrect because the text describes Harjo's "rejection" of the typical approach to representing Native characters on television, so it wouldn't make sense to say that Harjo "proclaims," or declares or affirms, television's general tendency regarding Native characters. Harjo is described as refusing to follow the pattern of depicting Native characters in the distant past, not as proclaiming that pattern. Choice C is incorrect because the text describes television's tendency to represent Native characters in the distant past as something that is already occurring, not as something that Harjo "foretells," or predicts will happen in the future. The text is focused on Harjo's "rejection" of this pattern, not on any predictions he may have about it. Choice D is incorrect because saying that Harjo "recants" something would mean that he withdraws a previously held belief, and it wouldn't make sense to say that Harjo recants television's tendency to represent Native characters as living in the past. No beliefs previously held by Harjo are mentioned. Additionally, a tendency isn't a belief and thus isn't something that can be recanted.

Research conducted by planetary scientist Katarina Miljkovic suggests that the Moon's surface may not accurately \_\_\_\_\_ early impact events. When the Moon was still forming, its surface was softer, and asteroid or meteoroid impacts would have left less of an impression; thus, evidence of early impacts may no longer be present.

Which choice completes the text with the most logical and precise word or phrase?

- A. reflect
- B. receive
- C. evaluate
- D. mimic

ID: c2389544 Answer

Correct Answer: A

Rationale

Choice A is the best answer because it most logically completes the text's discussion of the Moon's surface. In this context, "reflect" means show or make apparent. The text states that because the surface of the Moon was softer when the Moon was still forming than it is now, early asteroid and meteoroid impacts "would have left less of an impression" and, as a result, evidence of them may no longer exist. This context supports the idea that the surface of the Moon may not accurately show signs of early impact events.

Choice B is incorrect because it wouldn't make sense to say that the surface of the Moon may not accurately "receive," or acquire or experience, early impacts from asteroids or meteoroids. The text indicates that the impacts have already occurred, and it isn't clear how the Moon's surface could be accurate or inaccurate in experiencing them. Choice C is incorrect because it wouldn't make sense to say that the surface of the Moon may not accurately "evaluate," or determine the significance or condition of, early impacts from asteroids or meteoroids, since that would suggest that it's possible for the Moon's surface to make a decision of any kind. Choice D is incorrect. In this context, "mimic" would mean to deliberately simulate or closely imitate something. It wouldn't make sense to say that the surface of the Moon may not accurately mimic early asteroid and meteoroid impacts, since that would suggest that it's possible for the Moon to deliberately imitate something.

Set in a world where science fiction tropes exist as everyday realities, Charles Yu's 2010 novel *How to Live Safely in a Science Fictional Universe* traces a time traveler's quest to find his father. Because the journey at the novel's center is so \_\_\_\_\_, with the protagonist ricocheting chaotically across time, the reader often wonders whether the pair will ever be reunited.

Which choice completes the text with the most logical and precise word or phrase?

- A. haphazard
- B. premeditated
- C. inspirational
- D. fruitless

## ID: baa60c44 Answer

Correct Answer: A

### Rationale

Choice A is the best answer because it most logically completes the text's discussion of Yu's novel. In this context, "haphazard" means marked by a lack of plan or order. The text indicates that the quest featured in the novel, which involves the protagonist bouncing across time, is chaotic and causes the reader to often wonder what will happen. This context suggests that the protagonist's journey seems to be marked by a lack of order.

Choice B is incorrect because the text indicates that the journey featured in Yu's novel involves a character "ricocheting chaotically," or bouncing in a disordered way, across time and causes the reader to often wonder what will happen. It wouldn't make sense to say that a chaotic journey seems "premeditated," or characterized by forethought and planning. Choice C is incorrect because the text doesn't give any indication that readers regard the journey in Yu's novel as "inspirational," or as causing extraordinarily creative or brilliant thoughts or actions; instead, the text focuses on the idea that the protagonist's journey is chaotic, or disordered, and doesn't give readers a clear sense of what will happen. Choice D is incorrect. Rather than suggesting that the journey featured in Yu's novel is "fruitless," or has an unsuccessful outcome, the text focuses on the idea that while reading about the protagonist's chaotic movements across time, readers are often unsure of what will happen—that is, they don't know whether the protagonist will be successful in finding his father.

Which choice completes the text with the most logical and precise word or phrase?

- A. quarrel about
- B. paucity of
- C. profusion of
- D. verisimilitude in

ID: 0fd6f290 Answer

Correct Answer: B

Rationale

Choice B is the best answer because it most logically and precisely completes the text's discussion of altitude's effect on blood chemistry. In this context, "paucity of" means lack of. In describing the inspiration behind Al-Sweidan and Alhaj's research, the text uses the word "though" to suggest a contrasting relationship between two types of studies: those examining the effect on blood chemistry of living at a high altitude and those examining the effect on blood chemistry of living in locations below sea level. This contrasting relationship and the text's use of the word "many" provide context suggesting that there are few, if any, examples of the second type of study, whereas there are numerous examples of the first type.

Choice A is incorrect because it wouldn't make sense in context for there to be a "quarrel about," or open disagreement about, studies of the effect on blood chemistry of living in locations below sea level. The text's use of the words "though" and "many" suggests a contrasting relationship in terms of amount between two types of studies: those examining the effect on blood chemistry of living at a high altitude and those examining the effect on blood chemistry of living in locations below sea level. There's nothing in the text to suggest that the contrast between the two types of studies involves the extent to which researchers broadly agree or disagree about the contents of either type. Choice C is incorrect because it wouldn't make sense in context for there to be a "profusion of," or great abundance of, studies of the effect on blood chemistry of living in locations below sea level. The text's use of the words "though" and "many" suggests a contrasting relationship in terms of amount between two types of studies: those examining the effect on blood chemistry of living at a high altitude and those examining the effect on blood chemistry of living in locations below sea level. Rather than logically completing this contrast, "profusion of" would indicate that the two types of studies are similar in terms of amount, with many examples existing of both types. Choice D is incorrect because it wouldn't make sense in context for there to be a "verisimilitude in," or appearance of truth in, studies of the effect on blood chemistry of living in locations below sea level. The text's use of the

Particle physicists like Ayana Holloway Arce and Aida El-Khadra spend much of their time \_\_\_\_\_ what is invisible to the naked eye: using sophisticated technology, they closely examine the behavior of subatomic particles, the smallest detectable parts of matter.

Which choice completes the text with the most logical and precise word or phrase?

- A. selecting
- B. inspecting
- C. creating
- D. deciding

## ID: 9b5443f3 Answer

Correct Answer: B

### Rationale

Choice B is the best answer because it most logically completes the text's discussion of the work of particle physicists. In this context, "inspecting" means viewing closely in order to examine. The text indicates that as particle physicists, Arce and El-Khadra's work involves using advanced technology to "closely examine" subatomic particles. In other words, they use technology to inspect small parts of matter that can't be seen by the naked eye.

Choice A is incorrect because nothing in the text suggests that Arce and El-Khadra spend time "selecting," or choosing, subatomic particles for some purpose; the text simply states that the particle physicists use advanced technology to see and study the behavior of those tiny parts of matter. Choice C is incorrect because nothing in the text suggests that Arce and El-Khadra spend time "creating" subatomic particles, or bringing them into existence; the text simply states that the particle physicists use advanced technology to see and study the behavior of those tiny parts of matter. Choice D is incorrect. In this context, "deciding" would mean making a final choice or judgment about something. It wouldn't make sense to say that particle physicists get to choose what is and isn't visible to the naked eye, especially when the text presents it as fact that subatomic particles are "the smallest detectable parts of matter" and would therefore be invisible. The text focuses on Arce and El-Khadra's close observation of those particles, not on any decisions they might make.

In 1776, the United States sent Benjamin Franklin to France to try to win the country's support in the United States' fight for independence from Great Britain. Franklin was very popular in France. This \_\_\_\_\_ surely helped him to convince France to assist the United States.

Which choice completes the text with the most logical and precise word or phrase?

- A. thoughtfulness
- B. esteem
- C. controversy
- D. sincerity

## ID: c3c2ac5d Answer

Correct Answer: B

### Rationale

Choice B is the best answer because it most logically completes the text's discussion of Benjamin Franklin's popularity in France. In this context, "esteem" means high regard. The text indicates that Franklin was very popular, or highly regarded, in France, where he sought the country's support for the United States in its fight for independence, and indicates that his status helped him achieve his goal. The context therefore suggests that being held in high regard by the people likely helped Franklin convince France to help the United States.

Choice A is incorrect because the text directly indicates that it was Franklin's popularity that likely helped him convince France to help the United States, not his "thoughtfulness" (which in this context would mean either his careful reasoning and attention or his kind consideration of others' needs). Choice C is incorrect because the text doesn't suggest that there was any "controversy," or dispute, about Franklin's presence in France; instead, the text states that Franklin was very popular in France and directly indicates that this status likely helped him convince France to help the United States. Choice D is incorrect because the text directly indicates that it was Franklin's popularity that likely helped him convince France to help the United States, not his "sincerity," or his honesty.

It is by no means \_\_\_\_\_ to recognize the influence of Dutch painter Hieronymus Bosch on Ali Banisadr's paintings; indeed, Banisadr himself cites Bosch as an inspiration. However, some scholars have suggested that the ancient Mesopotamian poem *Epic of Gilgamesh* may have had a far greater impact on Banisadr's work.

Which choice completes the text with the most logical and precise word or phrase?

- A. substantial
- B. satisfying
- C. unimportant
- D. appropriate

ID: 79543afc Answer

Correct Answer: C

Rationale

Choice C is the best answer because it most logically completes the sentence about the influences on Banisadr's work. In context, "It is by no means" followed by "unimportant" conveys how it is relevant to recognize Bosch's influence on Banisadr. The text points out that the artist himself cites Bosch as an inspiration, and then goes on to claim that *The Epic of Gilgamesh* has had a more significant influence than Bosch.

Choice A is incorrect because "substantial," which means weighty or meaningful, incorrectly suggests that it wouldn't be meaningful to acknowledge Bosch's influence on Banisadr. The phrase "indeed, Banisadr himself cites Bosch as an inspiration" doesn't support this suggestion. Choice B is incorrect because "satisfying," which means pleasing, incorrectly suggests that it wouldn't be pleasing to acknowledge Bosch's influence on Banisadr. The phrase "indeed, Banisadr himself cites Bosch as an inspiration" doesn't support this suggestion. Choice D is incorrect because "appropriate," which means suitable, incorrectly suggests that it wouldn't be proper to acknowledge Bosch's influence on Banisadr. The phrase "indeed, Banisadr himself cites Bosch as an inspiration" doesn't support this suggestion.
