Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: a56a50e6

Historically, most conductors of major orchestras and opera companies have been European men, but a new, more diverse generation of artists is stepping up to the podium. Mexico's Alondra de la Parra took over as conductor for the Queensland Symphony Orchestra in 2017, \_\_\_\_\_ and Colombia's Lina Gonzalez-Granados did the same for the Los Angeles Opera in 2022.

Which choice completes the text with the most logical transition?

- A. in addition,
- B. lastly,
- C. granted,
- D. for instance,

## ID: a56a50e6 Answer

Correct Answer: D

Rationale

Choice D is the best answer. "For instance" logically signals that the details in this sentence—that Mexican conductor Alondra de la Parra and Colombian conductor Lina Gonzalez-Granados took new conducting positions—are examples supporting the previous claim about the new generation of artists.

Choice A is incorrect because "in addition" illogically signals that the details in this sentence about de la Parra and Gonzalez-Granados are merely additional facts related to the previous claim about the new generation of artists. Instead, they are examples supporting that claim. Choice B is incorrect because "lastly" illogically signals that the details in this sentence about de la Parra and Gonzalez-Granados are the last step or a concluding summary of the previous claim about the new generation of artists. Instead, they are examples supporting that claim. Choice C is incorrect because "granted" illogically signals that the details in this sentence about de la Parra and Gonzalez-Granados are exceptions to the previous claim about the new generation of artists. Instead, they are examples supporting that claim.

Question Difficulty: Hard

# Question ID 4e564c4f

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 4e564c4f

With its clichéd imagery of suburban lawns and power lines, John Ashbery's 2004 poem "Ignorance of the Law Is No Excuse" may seem barren terrain for critical analysis. \_\_\_\_\_ cultural critic Lauren Berlant finds fertile ground in just its first two stanzas, devoting most of a book chapter to deciphering the "weight of the default space" Ashbery creates in this poem.

Which choice completes the text with the most logical transition?

- A. Likewise,
- B. Nonetheless,
- C. In turn,
- D. That is,

## ID: 4e564c4f Answer

Correct Answer: B

Rationale

Choice B is the best answer. "Nonetheless" is a transition that indicates disagreement. The first sentence describes the unlikelihood of finding much for critical analysis in Ashbery's poem ("barren terrain"), while the second sentence describes how Berlant did in fact find much to analyze in Ashbery's poem ("fertile ground"), so the transition "nonetheless" fits perfectly.

Choice A is incorrect. This choice uses a transition that indicates the addition of a new but similar idea, which doesn't make sense here. The idea in this sentence directly contradicts the idea in the previous sentence. Choice C is incorrect. This choice uses a cause-and-effect transition, which doesn't make sense in this context—a poem seemingly having little opportunity for critical analysis would not cause someone to write an extensive critical analysis (in fact, we might expect the opposite). Choice D is incorrect. This choice uses a transition that indicates a restatement of the same idea in other words. But the text isn't restating the first idea here. Instead, it's offering a contradiction to the idea expressed in the first sentence.

Question Difficulty: Hard

## Question ID 14bec4c8

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

### ID: 14bec4c8

A turtle shell appears external to the animal, protecting its body like armor. \_\_\_\_\_ the shell is often incorrectly assumed to be an exoskeleton, a rigid outer casing like that of a crustacean or an insect, when in fact it is an endoskeleton, a part of the turtle's internal bone structure, more akin to a spine or a pair of ribs.

Which choice completes the text with the most logical transition?

- A. That being said,
- B. However,
- C. For instance,
- D. Hence,

### ID: 14bec4c8 Answer

Correct Answer: D

#### Rationale

Choice D is the best answer. "Hence" logically signals that the information in this sentence about turtle shells—that people incorrectly assume they are exoskeletons—is a consequence of the shells appearing external to the animal.

Choice A is incorrect because "that being said" illogically signals that this sentence qualifies or contrasts with the previous information about turtle shells appearing external to the animal. Instead, it presents a consequence of that information. Choice B is incorrect because "however" illogically signals that this sentence contrasts with the previous information about turtle shells appearing external to the animal. Instead, it presents a consequence of that information. Choice C is incorrect because "for instance" illogically signals that this sentence provides an example supporting the previous information about turtle shells appearing external to the animal. Instead, it presents a consequence of that information.

Question Difficulty: Hard

# Question ID f87d07d3

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: f87d07d3

The mineral mtorolite is most commonly found in Zimbabwe. Mtorolite is cryptocrystalline, meaning that its crystalline structure is so fine that the individual crystals cannot be distinguished by the naked eye or even under a microscope. The crystals in microcrystalline minerals are also not visible to the naked eye; \_\_\_\_\_ they can usually be seen under a microscope.

Which choice completes the text with the most logical transition?

- A. thus,
- B. for example,
- C. that said,
- D. similarly,

## ID: f87d07d3 Answer

Correct Answer: C

Rationale

Choice C is the best answer because "that said" logically signals that the information that follows—that the crystals of microcrystalline minerals can be seen with a microscope—is an exception to the previous information about the crystalline structure of minerals not being visible under a microscope.

Choice A is incorrect because "thus" illogically signals that the information that follows is a direct result or consequence of the fact that the crystals of microcrystalline minerals aren't visible to the naked eye. Instead, the fact that they can be seen under a microscope is an exception to the previous information about crystalline minerals. Choice B is incorrect because "for example" illogically signals that the information that follows exemplifies the fact that the crystals of microcrystalline minerals aren't visible to the naked eye. Instead, the fact that they can be seen under a microscope is an exception to the previous information about crystalline minerals. Choice D is incorrect because "similarly" illogically signals that the information that follows is similar or comparable to the fact that the crystals of microcrystalline minerals aren't visible to the naked eye. Instead, the fact that they can be seen under a microscope is an exception to the previous information about crystalline minerals.

Question Difficulty: Hard

# Question ID 410d7d28

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 410d7d28

In her poetry collection *Thomas and Beulah*, Rita Dove interweaves the titular characters' personal stories with broader historical narratives. She places Thomas's journey from the American South to the Midwest in the early 1900s within the larger context of the Great Migration. \_\_\_\_\_ Dove sets events from Beulah's personal life against the backdrop of the US Civil Rights Movement.

Which choice completes the text with the most logical transition?

- A. Specifically,
- B. Thus,
- C. Regardless,
- D. Similarly,

## ID: 410d7d28 Answer

Correct Answer: D

Rationale

Choice D is the best answer. "Similarly" logically signals that the information in the sentence—that Dove situates Beulah's life in the context of the US Civil Rights Movement—is similar to the previous information about Thomas and the Great Migration. Both sentences support the first sentence's claim that Dove portrays her characters in the context of broader historical narratives.

Choice A is incorrect because "specifically" illogically signals that the information about Beulah in this sentence provides specific details elaborating on the previous information about Thomas. Instead, it's similar to the previous information about Thomas. Choice B is incorrect because "thus" illogically signals that the information about Beulah in this sentence is a result or consequence of the previous information about Thomas. Instead, it's similar to the previous information about Thomas. Choice C is incorrect because "regardless" illogically signals that the information about Beulah in this sentence is true despite the previous information about Thomas. Instead, it's similar to the previous information about Thomas.

Question Difficulty: Hard

# Question ID e5e5f6f6

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: e5e5f6f6

When designing costumes for film, American artist Suttirat Larlarb typically custom fits the garments to each actor. \_\_\_\_\_ for the film *Sunshine*, in which astronauts must reignite a dying Sun, she designed a golden spacesuit and had a factory reproduce it in a few standard sizes; lacking a tailor-made quality, the final creations reflected the ungainliness of actual spacesuits.

Which choice completes the text with the most logical transition?

- A. Nevertheless,
- B. Thus,
- C. Likewise,
- D. Moreover,

## ID: e5e5f6f6 Answer

Correct Answer: A

### Rationale

Choice A is the best answer. “Nevertheless” logically signals that the information in this sentence—that the spacesuits Suttirat Larlarb designed for the film *Sunshine* were made in standard sizes in a factory—presents a notable exception to Larlarb’s typical approach of custom-fitting garments to actors, which is described in the previous sentence.

Choice B is incorrect because “thus” illogically signals that the information in this sentence is a result or consequence of the previous information about Larlarb’s typical approach of custom-fitting garments to actors. Instead, it presents a notable exception to Larlarb’s typical approach. Choice C is incorrect because “likewise” illogically signals that the information in this sentence is similar to the previous information about Larlarb’s typical approach of custom-fitting garments to actors. Instead, it presents a notable exception to Larlarb’s typical approach. Choice D is incorrect because “moreover” illogically signals that the information in this sentence merely adds to the previous information about Larlarb’s typical approach of custom-fitting garments to actors. Instead, it presents a notable exception to Larlarb’s typical approach.

Question Difficulty: Hard

# Question ID 9363c6bb

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 9363c6bb

Economist Elinor Ostrom's studies of communities around the world have empirically demonstrated that common pool resources, such as grazing lands, can be sustainably managed by the people who use them (rather than through private entities or centralized governments). \_\_\_\_\_ Ostrom's work is a repudiation of the "tragedy of the commons," the view that individuals will inevitably overexploit a finite shared resource if given unfettered access to it.

Which choice completes the text with the most logical transition?

- A. By contrast,
- B. For example,
- C. That said,
- D. As such,

## ID: 9363c6bb Answer

Correct Answer: D

Rationale

Choice D is the best answer. "As such" correctly signals that the claim in this sentence—that Ostrom's work is a repudiation of the "tragedy of the commons" view—follows logically from the information about Ostrom's studies in the previous sentence. According to that sentence, Ostrom's studies demonstrate that common pool resources can in fact be sustainably managed by the people who use them.

Choice A is incorrect because "by contrast" illogically signals that the information in this sentence contrasts with the information about Ostrom's studies in the previous sentence. Instead, the claim that Ostrom's work repudiates the "tragedy of the commons" view follows logically from that information. Choice B is incorrect because "for example" illogically signals that the claim in this sentence exemplifies the information about Ostrom's studies in the previous sentence. Instead, the claim that Ostrom's work repudiates the "tragedy of the commons" view follows logically from that information. Choice C is incorrect because "that said" illogically signals that the information in this sentence is an exception or caveat to the information about Ostrom's studies in the previous sentence. Instead, the claim that Ostrom's work repudiates the "tragedy of the commons" view follows logically from that information.

Question Difficulty: Hard

# Question ID 9dcc184d

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 9dcc184d

Plato believed material objects to be crude representations of unseen ideal forms. In his view, such abstract, nonmaterial forms are the ultimate source of knowledge. Aristotle disagreed, positing that knowledge is best obtained through direct engagement with the material world; \_\_\_\_\_ sensory experience of the material is the ultimate source of knowledge.

Which choice completes the text with the most logical transition?

- A. regardless,
- B. admittedly,
- C. in other words,
- D. meanwhile,

## ID: 9dcc184d Answer

Correct Answer: C

Rationale

Choice C is the best answer. “In other words” logically signals that the claim about sensory experience that follows—that sensory experience is the source of knowledge—is a restatement of Aristotle’s theory from earlier in the sentence.

Choice A is incorrect because “regardless” illogically signals that the claim about sensory experience that follows is true in spite of Aristotle’s theory from earlier in the sentence. Instead, this claim is a restatement of his theory. Choice B is incorrect because “admittedly” illogically signals that the claim about sensory experience that follows is an exception to Aristotle’s theory from earlier in the sentence. Instead, this claim is a restatement of his theory. Choice D is incorrect because “meanwhile” illogically signals that the claim about sensory experience that follows is separate from (while occurring simultaneously with) Aristotle’s theory from earlier in the sentence. Instead, this claim is a restatement of his theory.

Question Difficulty: Hard

# Question ID f99639a1

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: f99639a1

When one looks at the dark craggy vistas in Hitoshi Fugo's evocative photo series, one's mind might wander off to the cratered surfaces of faraway planets. \_\_\_\_\_ it's the series' title, *Flying Frying Pan*, that brings one back to Earth, reminding the viewer that each photo is actually a close-up view of a familiar household object: a frying pan.

Which choice completes the text with the most logical transition?

- A. Consequently,
- B. Alternatively,
- C. Ultimately,
- D. Additionally,

## ID: f99639a1 Answer

Correct Answer: C

Rationale

Choice C is the best answer. The first sentence describes an experience that the viewer has when they're looking at the photos: they imagine other planets. This sentence describes an experience that the viewer has afterward: the title reminds them that the photos are of frying pans, bringing them back to reality. "Ultimately" is a transition that means "eventually" or "in the end," so it fits the context perfectly.

Choice A is incorrect. This choice uses a cause-and-effect transition, which doesn't make sense here. The viewer imagining other planets when they're looking at the photos doesn't cause the title to bring them back to reality. Choice B is incorrect. This choice uses a transition that indicates another option or possibility, which doesn't make sense here. Rather, the viewer has both experiences: first the viewer imagines that they're looking at another planet, and then the title reminds them that it's just a frying pan. Choice D is incorrect. This choice uses a transition that indicates the addition of an agreeing idea. But the viewer's experience in the second sentence is actually the opposite of the viewer's experience in the first sentence. In the first sentence, the viewer is imagining that they're seeing a landscape from another planet. In the second sentence, the viewer is reminded that they're looking at a frying pan.

Question Difficulty: Hard

# Question ID 0ed087c7

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 0ed087c7

To perform a quad axel, a figure skater must leap into the air and complete four and a half rotations before landing, an extreme feat. \_\_\_\_\_ in 2022, when 17-year-old Ilia Malinin landed the first quad axel—considered the most difficult quad jump—in a high-level competition, the audience was left awestruck.

Which choice completes the text with the most logical transition?

- A. Moreover,
- B. Fittingly,
- C. Next,
- D. However,

## ID: 0ed087c7 Answer

Correct Answer: B

### Rationale

Choice B is the best answer. "Fittingly" logically signals that the information in this sentence—that the audience was amazed when Malinin landed the first quad axel—describes a suitable or appropriate reaction to the completion of this extremely difficult jump.

Choice A is incorrect. "Moreover" illogically signals that the information in this sentence merely adds to the previous information about the difficulty of completing a quad axel. Instead, the audience's amazement is a suitable or appropriate reaction to this accomplishment. Choice C is incorrect. "Next" illogically signals that the information in this sentence is simply the next step in a process. Instead, the audience's amazement is a suitable or appropriate reaction to the accomplishment. Choice D is incorrect. "However" illogically signals that the information in this sentence is in contrast or an exception to the difficulty of completing a quad axel. Instead, the audience's amazement is a suitable or appropriate reaction to this accomplishment.

Question Difficulty: Hard

# Question ID 3b3445ed

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 3b3445ed

Upon first approaching artist Kurt Wenner's *Dies Irae*, a colorful scene painted on the surface of a cobblestone street in Mantua, Italy, one might assume a deep hole filled with life-sized, classically styled sculptures had opened up in the street. \_\_\_\_\_ by expertly applying the principles of perspective, Wenner created merely the illusion of depth.

Which choice completes the text with the most logical transition?

- A. Additionally,
- B. On the contrary,
- C. As a result,
- D. Next,

## ID: 3b3445ed Answer

Correct Answer: B

Rationale

Choice B is the best answer. "On the contrary" logically signals that the information in this sentence—that *Dies Irae*'s appearance of depth is merely an illusion—contrasts with the previous statement about a viewer's possible assumption regarding the street painting.

Choice A is incorrect because "additionally" illogically signals that this sentence is simply additional information about a viewer's possible assumption regarding the street painting. Instead, the information about how Wenner achieved the illusion of depth contrasts with the previous sentence's description of the illusion. Choice C is incorrect because "as a result" illogically signals that the information in this sentence is a result of, or caused by, a viewer's possible assumption regarding the street painting. Instead, the information about how Wenner achieved the illusion of depth contrasts with the previous sentence's description of the illusion. Choice D is incorrect because "next" illogically signals that the information in this sentence is the next step in a process. Instead, the information about how Wenner achieved the illusion of depth contrasts with the previous sentence's description of the illusion.

Question Difficulty: Hard

# Question ID c6b6128f

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: c6b6128f

Seismologists Kaiqing Yuan and Barbara Romanowicz have proposed that the magma fueling Iceland's more than 30 active volcano systems emerges from deep within Earth. The great depths involved—nearly 3,000 km—mark Iceland's volcanoes as extreme outliers; \_\_\_\_\_ many of Earth's volcanoes are fed by shallow pockets of magma found less than 15 km below the surface.

Which choice completes the text with the most logical transition?

- A. indeed,
- B. nevertheless,
- C. in addition,
- D. consequently,

## ID: c6b6128f Answer

Correct Answer: A

Rationale

Choice A is the best answer. The second part of the sentence says that many volcanoes use shallow pockets of magma. This is an elaboration of the same underlying idea from the first part of the sentence, which says that the super deep magma of Icelandic volcanoes' makes them outliers. "Indeed" is a transition used for elaborating on the same idea, so it fits the context perfectly.

Choice B is incorrect. This choice uses a disagreement transition. But these two parts of the sentence agree with each other, so "nevertheless" doesn't make sense. Choice C is incorrect. This choice uses a transition that indicates the addition of a new idea. But the second part of the sentence isn't adding a new idea: it's elaborating on the same idea expressed in the first part of the sentence. Choice D is incorrect. This choice uses a cause-and-effect transition, which doesn't make sense here. The fact that Iceland's deep-magma volcanoes are outliers doesn't cause many other volcanoes to get fed by shallow pockets of magma.

Question Difficulty: Hard

# Question ID f3aa5f58

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: f3aa5f58

When printing paper money for the colony of Pennsylvania in the 1730s, Benjamin Franklin—then a Philadelphia shop owner—took steps to combat the circulation of counterfeit notes, such as weaving blue threads and muscovite (a reflective mineral) into the paper he used. \_\_\_\_\_ he stamped the notes with detailed imprints of sage leaves that proved difficult for forgers to replicate.

Which choice completes the text with the most logical transition?

- A. Specifically,
- B. That said,
- C. For example,
- D. Moreover,

## ID: f3aa5f58 Answer

Correct Answer: D

Rationale

Choice D is the best answer. "Moreover" logically signals that the information in this sentence—that Franklin stamped imprints on paper money to make forgery more difficult—adds to the previous information by describing Franklin's other strategy for combatting forgers: weaving materials into the paper used for printing money.

Choice A is incorrect because "specifically" illogically signals that the information in this sentence provides specific, precise details elaborating on the previous information about Franklin's other strategy for combatting forgers (weaving materials into paper). Instead, this information about stamping imprints on money adds new information. Choice B is incorrect because "that said" illogically signals that the information in this sentence is an exception to the previous information about Franklin's other strategy for combatting forgers (weaving materials into paper). Instead, this information about stamping imprints on money adds new information. Choice C is incorrect because "for example" illogically signals that the information in this sentence serves as an example of the previous information about Franklin's other strategy for combatting forgers (weaving materials into paper). Instead, this information about stamping imprints on money adds new information.

Question Difficulty: Hard

# Question ID 867ceff8

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 867ceff8

The Sun and other stars are powered by nuclear fusion reactions, in which two atoms collide to form a single heavier atom, releasing energy. Scientists have long believed that fusion has the potential to meet humanity's clean energy needs. \_\_\_\_\_ prior to December 2022, no fusion reaction in a laboratory setting had ever generated a net energy gain.

Which choice completes the text with the most logical transition?

- A. For this reason,
- B. Moreover,
- C. Specifically,
- D. That said,

## ID: 867ceff8 Answer

Correct Answer: D

Rationale

Choice D is the best answer. Scientists believe in fusion's potential as an energy source, but have struggled to actually make it work—in other words, there is a contradiction between scientists' beliefs and their reality. "That said" is a disagreement transition that works perfectly in this context.

Choice A is incorrect. This choice uses a cause-and-effect transition, which doesn't make sense here. Scientists not being able to generate extra energy from lab fusion reactions isn't an effect of them believing in fusion's potential. Choice B is incorrect. This transition indicates the addition of another supporting point. But this sentence is not adding a supporting point to the previous sentence—scientists not being able to successfully generate energy from fusion isn't another point in favor of fusion meeting humanity's clean energy needs. Choice C is incorrect. This choice uses a transition that introduces or elaborates on a particular example. But this sentence doesn't give an example of scientists' belief in fusion's potential to meet humanity's clean energy needs—in fact, it contrasts that optimistic belief with the reality of past failures to successfully employ fusion for energy production.

Question Difficulty: Hard

# Question ID 9579edb4

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

**ID: 9579edb4**

Magnetic levitation (maglev) trains are suspended above a track by powerful electromagnets, reducing friction and thus allowing for much faster speeds. Though maglev advocates in the US have long imagined these trains crisscrossing the country, their dream remains unrealized. \_\_\_\_\_ of the handful of maglev trains currently in operation, all are in Asia.

Which choice completes the text with the most logical transition?

- A. In fact,
- B. To that end,
- C. Nevertheless,
- D. That said,

**ID: 9579edb4 Answer**

Correct Answer: A

Rationale

Choice A is the best answer. This sentence emphasizes just how far maglev advocates' dreams are from coming true. "In fact" is a transition used to emphasize the truth of a statement that modifies the previous statement and therefore fits perfectly in this context.

Choice B is incorrect. This choice uses a cause-and-effect transition, which doesn't make sense here. Maglev advocates' dream remaining unrealized would not cause there to be only a few maglev trains, all located in Asia. Choice C is incorrect. This choice uses a disagreement transition, which doesn't make sense here. In fact, this sentence agrees with the previous sentence—both talk about how maglev trains are far from becoming common in the US. Choice D is incorrect. This choice uses a disagreement transition, which doesn't make sense here. In fact, this sentence agrees with the previous sentence—both talk about how maglev trains are far from becoming common in the US.

Question Difficulty: Hard

# Question ID c5423706

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

ID: c5423706

In a heated debate in biogeography, the field is divided between dispersalists and vicariantists. \_\_\_\_\_ there are those who argue that dispersal is the most crucial determining factor in a species' distribution, and those who insist that vicariance (separation due to geographic barriers) is. Biogeographer Isabel Sanmartín counts herself among neither.

Which choice completes the text with the most logical transition?

- A. Furthermore,
- B. By contrast,
- C. Similarly,
- D. That is,

ID: c5423706 Answer

Correct Answer: D

Rationale

Choice D is the best answer. "That is" logically signals that this sentence clarifies the terms of the scientific debate introduced in the previous sentence by explaining the difference between dispersalists and vicariantists.

Choice A is incorrect because "furthermore" illogically signals that the information in this sentence is merely additional to (and separate from) the information in the previous sentence about the scientific debate. Instead, the information about dispersalists and vicariantists clarifies the terms of that debate. Choice B is incorrect because "by contrast" illogically signals that the information in this sentence contrasts with the information in the previous sentence about the scientific debate. Instead, the information about dispersalists and vicariantists clarifies the terms of that debate. Choice C is incorrect because "similarly" illogically signals that the information in this sentence is merely similar to the information in the previous sentence about the scientific debate. Instead, the information about dispersalists and vicariantists clarifies the terms of that debate.

Question Difficulty: Hard

# Question ID 0a6b66b3

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 0a6b66b3

In 1815, while in exile in Jamaica, Venezuelan revolutionary Simón Bolívar penned a letter praising England's republican government and expressing hope that Latin American nations seeking independence from Spain might achieve something similar. The letter was addressed to a local merchant, Henry Cullen; \_\_\_\_\_ though, Bolívar's goal was to persuade political leaders from England and Europe to support his cause.

Which choice completes the text with the most logical transition?

- A. additionally,
- B. ultimately,
- C. accordingly,
- D. consequently,

## ID: 0a6b66b3 Answer

Correct Answer: B

Rationale

Choice B is the best answer. "Ultimately" means "in the long run" or "at the highest level." Although Bolívar wrote to a local merchant, his ultimate goal was to send a message to political leaders in Europe. Therefore, "ultimately" fits perfectly in this context.

Choice A is incorrect. This choice uses a transition that indicates the addition of an agreeing idea. However, the second part of the sentence actually disagrees with the first part. Bolívar addressed the letter to Cullen, but he was really sending a message to someone else. Notice how the contrast word "though" also acts as a transition between these ideas. Choice C is incorrect. This choice uses a cause-and-effect transition. Bolívar's writing of the letter to Cullen would not cause him to have a goal of persuading European powers to support him. Choice D is incorrect. This choice uses a cause-and-effect transition. Bolívar's writing of the letter to Cullen would not cause him to have a goal of persuading European powers to support him.

Question Difficulty: Hard

# Question ID e6af160c

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: e6af160c

Ugandan American professor Peter Nazareth believed that Elvis Presley's music is best understood not as a homogeneous collection but as an anthology (because Elvis showcased the contributions of a wide range of gospel, blues, and rock artists). \_\_\_\_\_ Nazareth entitled his college course on Elvis and his music, which focused on Elvis's many musical influences, "Elvis as Anthology."

Which choice completes the text with the most logical transition?

- A. To that end,
- B. In sum,
- C. That is,
- D. In addition,

## ID: e6af160c Answer

Correct Answer: A

Rationale

Choice A is the best answer. "To that end" logically signals that the activity described in this sentence—Nazareth titling his course "Elvis as Anthology"—is meant to further Nazareth's goal of helping others understand Presley's music as an anthology with a wide range of influences.

Choice B is incorrect. "In sum" illogically signals that the activity described in this sentence summarizes Nazareth's view of Presley's music as an anthology. Instead, titling his course "Elvis as Anthology" is a way for him to promote this view. Choice C is incorrect. "That is" illogically signals that the activity described in this sentence is a clarification or interpretation of Nazareth's view of Presley's music as an anthology. Instead, titling his course "Elvis as Anthology" is a way for him to promote this view. Choice D is incorrect. "In addition" illogically signals that the activity described in this sentence is merely an additional fact about Nazareth. Instead, titling his course "Elvis as Anthology" is a way for him to promote his view of Presley's music as an anthology.

Question Difficulty: Hard

# Question ID 6be089ec

Assessment	Test	Domain	Skill	Difficulty

## ID: 6be089ec

A 2017 study of sign language learners tested the role of iconicity—the similarity of a sign to the thing it represents—in language acquisition. The study found that the greater the iconicity of a sign, the more likely it was to have been learned. \_\_\_\_\_ the correlation between acquisition and iconicity was lower than that between acquisition and another factor studied: sign frequency.

Which choice completes the text with the most logical transition?

- A. In fact,
- B. In other words,
- C. Granted,
- D. As a result,

## ID: 6be089ec Answer

Correct Answer: C

Rationale

Choice C is the best answer. “Granted” logically signals that the following information—that iconicity is not as highly correlated with acquisition as sign frequency—is true in spite of the information about the correlation between iconicity and acquisition in the previous sentence.

Choice A is incorrect because “in fact” illogically signals that the sentence that follows either emphasizes or refutes the information in the previous sentence regarding the correlation between iconicity and acquisition. Instead, the sentence that follows provides additional information that is true in spite of the preceding information; it neither emphasizes nor refutes that information. Choice B is incorrect because “in other words” illogically signals that the sentence that follows is a restatement of the information in the previous sentence; instead, the sentence that follows provides additional information that is true in spite of the preceding information. Choice D is incorrect because “as a result” illogically signals that the sentence that follows is a result of the information in the previous sentence regarding the correlation between iconicity and acquisition; instead, the sentence that follows is true in spite of the preceding information.

# Question ID a2941bd8

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

ID: a2941bd8

Iraqi artist Nazik Al-Malaika, celebrated as the first Arabic poet to write in free verse, didn't reject traditional forms entirely; her poem "Elegy for a Woman of No Importance" consists of two ten-line stanzas and a standard number of syllables. Even in this superficially traditional work, \_\_\_\_\_ Al-Malaika was breaking new ground by memorializing an anonymous woman rather than a famous man.

Which choice completes the text with the most logical transition?

- A. therefore,
- B. in fact,
- C. moreover,
- D. though,

ID: a2941bd8 Answer

Correct Answer: D

Rationale

Choice D is the best answer. The first sentence tells us that Al-Malaika sometimes used "traditional forms". The second tells us that even when she used traditional forms, Al-Malaika was "breaking new ground". To connect these ideas, we need a contrast word like "but." "Though" is a contrast word similar to "but."

Choice A is incorrect. This isn't a logical transition. The first sentence tells us that Al-Malaika sometimes used "traditional forms". The second tells us that even when she used traditional forms, Al-Malaika was "breaking new ground". To connect these ideas, we need a contrast word like "but." "Therefore" doesn't show contrast; it shows cause and effect. Choice B is incorrect. This isn't a logical transition. The first sentence tells us that Al-Malaika sometimes used "traditional forms". The second tells us that even when she used traditional forms, Al-Malaika was "breaking new ground". To connect these ideas, we need a contrast word like "but." "In fact" is a phrase that usually emphasizes the truth of the previous statement. Choice C is incorrect. This isn't a logical transition. The first sentence tells us that Al-Malaika sometimes used "traditional forms". The second tells us that even when she used traditional forms, Al-Malaika was "breaking new ground". To connect these ideas, we need a contrast word like "but." "Moreover" doesn't show contrast—it introduces additional information that continues or supports the previous idea.

Question Difficulty: Hard

# Question ID 232f78e7

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 232f78e7

In hindsight, given the ideas about the natural world circulating among British scientists in the 1800s, the theory of natural selection was an obvious next step. It may not have been a coincidence, \_\_\_\_\_ that Charles Darwin and Alfred Wallace arrived at the concept independently. Indeed, contrary to the popular myth of the lone genius, theirs is not the first paradigm-shifting theory to have emerged from multiple scholars working in parallel.

Which choice completes the text with the most logical transition?

- A. however,
- B. then,
- C. moreover,
- D. for example,

## ID: 232f78e7 Answer

Correct Answer: B

Rationale

Choice B is the best answer. "Then" signals that this sentence's claim about Darwin and Wallace follows logically from the previous information. In other words, both scientists independently arriving at the theory of natural selection was, arguably, an expected outcome of the circumstances mentioned in the previous sentence.

Choice A is incorrect because "however" illogically signals that the claim in this sentence contrasts with the previous information about the ideas circulating among British scientists in the 1800s. Instead, this claim follows logically from that information. Choice C is incorrect because "moreover" illogically signals that the claim in this sentence merely adds to the previous information about the ideas circulating among British scientists in the 1800s. Instead, this claim follows logically from that information. Choice D is incorrect because "for example" illogically signals that this sentence provides an example supporting the previous information about the ideas circulating among British scientists in the 1800s. Instead, it presents a claim that follows logically from that information.

Question Difficulty: Hard

# Question ID 72301503

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

**ID: 72301503**

If the formation of Earth's mantle had been purely a product of core differentiation—whereby heavier elements sink toward the core and lighter elements rise—the upper mantle would be depleted of heavy siderophile elements. Siderophiles are much more abundant in the mantle than predicted in that model, however. \_\_\_\_\_ extraterrestrial material containing siderophiles, likely from asteroid or comet impacts, almost certainly accreted to Earth following core differentiation.

Which choice completes the text with the most logical transition?

- A. That said,
- B. Hence,
- C. For example,
- D. Likewise,

**ID: 72301503 Answer**

Correct Answer: B

Rationale

Choice B is the best answer. "Hence" correctly signals that the claim in this sentence regarding extraterrestrial material follows logically from the information in the previous sentences. The previous sentences establish that siderophile elements in the mantle are more abundant than predicted in the core-differentiation model. This sentence claims, logically, that these elements came from extraterrestrial material that accreted to Earth *after* core differentiation.

Choice A is incorrect because "that said" illogically signals that the information in this sentence regarding extraterrestrial material is an exception to the previous information about siderophiles' abundance in the mantle. Instead, it is a new claim that follows logically from the previous information. Choice C is incorrect because "for example" illogically signals that the information in this sentence regarding extraterrestrial material exemplifies the previous information about siderophiles' abundance in the mantle. Instead, it is a new claim that follows logically from the previous information. Choice D is incorrect because "likewise" illogically signals that the information in this sentence regarding extraterrestrial material is merely similar to the previous information about siderophiles' abundance in the mantle. Instead, it is a new claim that follows logically from the previous information.

# Question ID 5ef8db0f

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 5ef8db0f

In retrospect, one of the lessons of the 2003 Human Genome Project is that a gene is affected by many factors, not the least of which is its interactions with the protein products of other genes. \_\_\_\_\_ rather than just focusing on the human genome, efforts to better understand gene mutations related to disease have begun to consider the human proteome, the complete set of proteins expressed by human genes.

Which choice completes the text with the most logical transition?

- A. In other words,
- B. That said,
- C. For example,
- D. Accordingly,

## ID: 5ef8db0f Answer

Correct Answer: D

Rationale

Choice D is the best answer. "Accordingly" logically signals that this sentence states a result or consequence of the previous information about the 2003 Human Genome Project. Taking into account an important lesson of the 2003 project (that a gene is affected by interactions with the protein products of other genes), research has begun to consider the human proteome instead of just the genome.

Choice A is incorrect because "in other words" illogically signals that the information in this sentence is a paraphrase or restatement of the previous information about the 2003 Human Genome Project. Instead, this sentence states a result or consequence of that information. Choice B is incorrect because "that said" illogically signals that the information in this sentence qualifies or contrasts with the previous information about the 2003 Human Genome Project. Instead, this sentence states a result or consequence of that information. Choice C is incorrect because "for example" illogically signals that this sentence provides an example supporting the previous information about the 2003 Human Genome Project. Instead, this sentence states a result or consequence of that information.

Question Difficulty: Hard

# Question ID da5e0d7d

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: da5e0d7d

Mountain climbing routes that incorporate metal rungs and cables are known as via ferratas, from the Italian phrase for “iron path.” As climbing these routes has shifted from a mode of travel to a sporting activity, modern via ferratas are rarely designed to simply reach a summit. \_\_\_\_\_ new routes favor recreation over utility, aiming to provide a challenging climb or showcase dramatic scenery.

Which choice completes the text with the most logical transition?

- A. Additionally,
- B. On the other hand,
- C. More often,
- D. Nonetheless,

## ID: da5e0d7d Answer

Correct Answer: C

Rationale

Choice C is the best answer. "More often" logically signals that the claim in this sentence—that new via ferratas favor recreation over utility—explains a difference between the new "sporting activity" routes and the older "mode of travel" routes. In so doing, it emphasizes and reinforces the previous claim ("modern via ferratas are rarely designed to simply reach a summit").

Choice A is incorrect because "additionally" illogically signals that this sentence's claim about new via ferratas adds a new, separate point to the previous claim ("modern via ferratas are rarely designed to simply reach a summit"). Instead, the second claim—that new routes favor recreation over utility—emphasizes and reinforces the previous one. Choice B is incorrect because "on the other hand" illogically signals that this sentence's claim about new via ferratas contrasts with or opposes the previous claim ("modern via ferratas are rarely designed to simply reach a summit"). Instead, the second claim—that new routes favor recreation over utility—emphasizes and reinforces the previous one. Choice D is incorrect because "nonetheless" illogically signals that this sentence's claim about new via ferratas is true despite the previous claim ("modern via ferratas are rarely designed to simply reach a summit"). Instead, the second claim—that new routes favor recreation over utility—emphasizes and reinforces the previous one.

Question Difficulty: Hard

# Question ID ff6dbb27

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: ff6dbb27

In response to adverse environmental conditions, many plants produce abscisic acid (ABA), a stress hormone. ABA triggers a slowdown in the biological processes of most plants. \_\_\_\_\_ when the mustard plant *Schrenkia parvula* produces ABA in response to an environmental stressor, the hormone triggers accelerated growth.

Which choice completes the text with the most logical transition?

- A. Moreover,
- B. In contrast,
- C. For example,
- D. Thus,

## ID: ff6dbb27 Answer

Correct Answer: B

Rationale

Choice B is the best answer. “In contrast” logically signals that the information in this sentence—that ABA triggers accelerated growth in the mustard plant *Schrenkia parvula*—contrasts with the previous information about ABA triggering a slowdown in most plants’ biological processes.

Choice A is incorrect because “moreover” illogically signals that the information in this sentence about the mustard plant merely adds to the previous information about the effects of ABA. Instead, it contrasts with that information. Choice C is incorrect because “for example” illogically signals that the information in this sentence about the mustard plant provides an example consistent with the previous information about the effects of ABA. Instead, it contrasts with that information.

Choice D is incorrect because “thus” illogically signals that the information in this sentence about the mustard plant is a consequence, or result, of the previous information about the effects of ABA. Instead, it contrasts with that information.

Question Difficulty: Hard

# Question ID 2fb7456

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 2fb7456

When soil becomes contaminated by toxic metals, it can be removed from the ground and disposed of in a landfill. \_\_\_\_\_ contaminated soil can be detoxified via phytoremediation: plants that can withstand high concentrations of metals absorb the pollutants and store them in their shoots, which are then cut off and safely disposed of, preserving the health of the plants.

Which choice completes the text with the most logical transition?

- A. Alternatively,
- B. Specifically,
- C. For example,
- D. As a result,

## ID: 2fb7456 Answer

Correct Answer: A

Rationale

Choice A is the best answer. “Alternatively” logically signals that the soil decontamination method described in this sentence—removing toxic metals from the soil via phytoremediation—offers an alternative to the previously described method (removing the contaminated soil from the ground).

Choice B is incorrect because “specifically” illogically signals that the soil decontamination method described in this sentence specifies or elaborates on an aspect of the previously described method (removing the contaminated soil from the ground). Instead, phytoremediation is an alternative to that method. Choice C is incorrect because “for example” illogically signals that the soil decontamination method described in this sentence is an example of the previously described method (removing the contaminated soil from the ground). Instead, phytoremediation is an alternative to that method. Choice D is incorrect because “as a result” illogically signals that the soil decontamination method described in this sentence is a result or consequence of the previously described method (removing the contaminated soil from the ground). Instead, phytoremediation is an alternative to that method.

Question Difficulty: Hard

# Question ID 5bb70279

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 5bb70279

"Tulip mania"—the rapid rise and sudden fall of the price of tulip bulbs in seventeenth-century Amsterdam—is often cited as an example of the perils of rampant market speculation. However, recent research has demonstrated that the episode was neither as frenzied nor as disastrous as has been thought. The popular myth surrounding it, \_\_\_\_\_ should be regarded with some skepticism.

Which choice completes the text with the most logical transition?

- A. for example,
- B. by contrast,
- C. nevertheless,
- D. therefore,

## ID: 5bb70279 Answer

Correct Answer: D

Rationale

Choice D is the best answer. This sentence is arguing that new evidence contradicting popular beliefs about "tulip mania" should cast doubt on those beliefs. "Therefore" is a cause-and-effect transition, which fits perfectly in this context.

Choice A is incorrect. This choice uses an exemplification transition, which doesn't make sense here. Skepticism about the popular beliefs is not an example of recent evidence contradicting those beliefs—rather, skepticism is an effect of that recent evidence. Choice B is incorrect. This choice uses a disagreement transition. But this sentence doesn't disagree with the previous sentence. Instead, it connects a cause from the previous sentence (new evidence that tulip mania was not as disastrous as thought) to an effect (that we should look with skepticism upon the myth about its disastrousness). Choice C is incorrect. This choice uses a disagreement transition. But this sentence doesn't disagree with the previous sentence. Instead, it connects a cause from the previous sentence (new evidence that tulip mania was not as disastrous as thought) to an effect (that we should look with skepticism upon the myth about its disastrousness).

Question Difficulty: Hard

# Question ID eeb21aae

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: eeb21aae

The prime meridian, the global indicator of zero degrees longitude established in 1884, was originally determined using astronomically derived coordinates. \_\_\_\_\_ as decades passed, new calculations would reveal increasingly precise coordinates, yet the prime meridian remained unchanged; it wasn't until the 1980s that, spurred by improved geodetic data, the prime meridian was officially moved—roughly one hundred meters east.

Which choice completes the text with the most logical transition?

- A. Specifically,
- B. To that end,
- C. Again and again,
- D. Granted,

## ID: eeb21aae Answer

Correct Answer: C

Rationale

Choice C is the best answer. "Again and again" logically signals that the information in this sentence—that new calculations revealed increasingly precise coordinates for the location of the prime meridian—refers to events that occurred multiple times in the decades after the establishment of the prime meridian in 1884 (which is described in the preceding sentence).

Choice A is incorrect because "specifically" illogically signals that the information in this sentence provides specific, precise details elaborating on the description of the prime meridian's establishment in the previous sentence. Instead, the sentence indicates that increasingly precise coordinates were revealed on multiple occasions in the decades following the meridian's establishment. Choice B is incorrect because "to that end" illogically signals that the information in this sentence is a means of accomplishing a goal established in the previous sentence about the prime meridian's establishment. Instead, the sentence indicates that increasingly precise coordinates were revealed on multiple occasions in the decades following the meridian's establishment. Choice D is incorrect because "granted" illogically signals that the information in this sentence is in opposition to the information about the prime meridian's establishment in the previous sentence. Instead, the sentence indicates that increasingly precise coordinates were revealed on multiple occasions in the decades following the meridian's establishment.

Question Difficulty: Hard

# Question ID 46d91c77

Assessment	Test	Domain	Skill	Difficulty
SAT	Reading and Writing	Expression of Ideas	Transitions	Hard

## ID: 46d91c77

In 2009, the Craft and Folk Art Museum in Los Angeles hosted a special exhibition, *Sueños/Yume*, showcasing the works of local sculptor Dora de Larios. As suggested by the show's title (*sueños* and *yume* mean "dreams" in Spanish and Japanese, respectively), de Larios's art reflects a mix of cultural influences. \_\_\_\_\_ her work is grounded in the artistic traditions of both Mexico and Japan.

Which choice completes the text with the most logical transition?

- A. In addition,
- B. In contrast,
- C. Specifically,
- D. Therefore,

## ID: 46d91c77 Answer

Correct Answer: C

Rationale

Choice C is the best answer. "Specifically" logically signals that this sentence provides specific, precise details elaborating on the previous sentence's claim that de Larios's art reflects a mix of cultures. This sentence specifies which cultures the previous sentence is referring to: the artistic traditions of both Mexico and Japan.

Choice A is incorrect because "in addition" illogically signals that the information in this sentence is a separate point that follows the previous claim about de Larios's art. Instead, it provides specific details elaborating on that claim. Choice B is incorrect because "in contrast" illogically signals that the information in this sentence contrasts with the previous claim about de Larios's art. Instead, it provides specific details elaborating on that claim. Choice D is incorrect because "therefore" illogically signals that the information in this sentence is a result of the previous claim about de Larios's art. Instead, it provides specific details elaborating on that claim.

Question Difficulty: Hard
